Sacramento-San Joaquin Delta Charter for the National Heritage Area Management Plan Advisory Committee

The Delta Protection Commission (Commission) is committed to the protection and health of the Sacramento-San Joaquin Delta. We protect, maintain, enhance and enrich the overall quality of the Delta environment and economy. We do this with a focus on agriculture, heritage, recreation, and natural resources while remaining mindful of the importance of the Delta to all Californians.

The John D. Dingell, Jr. Conservation, Management, and Recreation Act, which was signed into law on March 12, 2019, established the Sacramento-San Joaquin Delta National Heritage Area (NHA) and designated the Commission as the local coordinating entity. National Heritage Areas are defined by the National Park Service as living landscapes where historic, cultural, and nature resources combine to tell nationally significant stories. There are currently 55 NHAs. The designation affirms that the Sacramento-San Joaquin Delta NHA, an area that stretches from Sacramento to Stockton to Vallejo (see attached map), is a landscape of national significance, and supports the Commission’s work in public education, historic preservation, tourism and recreation development, and economic development activities.

The Commission’s first primary task is to prepare and receive approval from the Secretary of Interior for a Management Plan to guide the NHA’s activities for the next ten to fifteen years. The Management Plan will provide an integrated and cooperative approach for the protection, enhancement, and interpretation of NHA resources and consider Federal, State, local, and Tribal plans and treaty rights. The plan will include, but not be limited to:

- Comprehensive policies, strategies, and recommendations for conservation, funding, management, and development of the NHA;
- Analysis and recommendations for coordinating Federal, State, local, and Tribal programs in the NHA;
- An inventory of resources that should be preserved, restored, managed, or maintained because of their significance;
- Interpretive plan for heritage resources; and
- Implementation and funding program.

By this charter, the Commission establishes the Sacramento-San Joaquin Delta National Heritage Area Management Plan Advisory Committee (NHA Advisory Committee) to ensure public engagement in plan development. The decision-making and outreach structure for the Management Plan will consist of the following individuals or bodies:

- The Secretary of Interior is responsible for approving or disapproving the Management Plan.
- As the local coordinating entity, the Commission approves the Management Plan before submitting to the Secretary of Interior for consideration.
The Commission NHA subcommittee was created by the Commission on January 16, 2020 to work with Commission staff and the NHA Advisory Committee on activities related to the NHA Program and Management Plan.

The NHA Advisory Committee is comprised of volunteer members, appointed by the Commission, who will report on their progress and final recommendations to the Commission and Commission NHA subcommittee.

Four NHA Advisory Task Groups on resource stewardship, organization, heritage development and tourism, and interpretive planning will be chaired by members of the NHA Advisory Committee.

Purpose of NHA Designation

The 2012 Feasibility Study for a Sacramento-San Joaquin Delta National Heritage Area describes six goals for the Sacramento-San Joaquin Delta NHA:

1. Identify the Delta as a region of national significance
2. Support economic development
3. Promote heritage tourism, ecotourism, and agritourism and compatibility with agriculture
4. Make partner site maps available
5. Undertake and provide resources for historic preservation
6. Develop interpretive sign and Delta history programs

Public engagement and participation in the Sacramento-San Joaquin Delta NHA may reveal additional opportunities and benefits of the designation.

Purpose of the NHA Advisory Committee

The purpose of the NHA Advisory Committee is to provide the Commission and Commission NHA subcommittee with recommendations on the development of the Management Plan and to seek input from diverse stakeholders, including government at all levels, businesses, landowners, agricultural, community, cultural, natural resource, and recreation groups, and the general public. Commission staff and the Management Plan consulting team will assist the NHA Advisory Committee with preparing these recommendations and conducting public outreach. The input gathered during this planning process will be incorporated into the Management Plan to reflect the interests that are broadly important to Sacramento-San Joaquin Delta NHA stakeholders. The implementation plan will include cooperative actions that provide mutual benefits for the NHA and governments, agencies, non-profit organizations, and others.
**Principles**

The NHA Advisory Committee is guided by respect, understanding, open communication, collaboration, inclusion, and pragmatism. Each individual member brings unique experience and perspectives that are acknowledged and respected by other Committee members. Members seek to build and maintain positive working relationships with one another based on mutual trust and respectful understanding of differences. In soliciting public input, members are expected to acknowledge and be sensitive to disparities that exist in the community and consider forms of outreach that are inclusive of diverse perspectives and backgrounds. When there are differences within the Committee, members seek to understand their differences, and to develop recommendations that are respectful of those differences.

**Membership Selection**

Members of the NHA Advisory Committee are volunteers who will be appointed to serve until the Management Plan is successfully submitted to the Secretary of the Interior (submittal expected by June 2023). Prospective members of the NHA Advisory Committee will be asked to submit an application to the Commission that summarizes their interests in serving on the committee and their relevant skills or experience, and other qualifiers the applicant thinks important.

The NHA Advisory Committee will be composed of 15 members with ex officio members representing the legislature and public agencies. The Commission’s appointment of members will be guided by consideration of the mix of skills, experience, and perspectives that the Committee, as a whole, will need to successfully guide development of the Management Plan, and to set the stage for achieving the goals of the Sacramento-San Joaquin Delta NHA. Goals may involve historic preservation, cultural conservation, public education, interpretation, natural resource conservation, outdoor recreation, tourism, and community and economic development. NHA Advisory Committee members will also be selected to ensure geographic, cultural, and multigenerational representation from across the Sacramento-San Joaquin Delta. Following appointment of the initial NHA Advisory Committee members, appointment of any new members will be informed by nominations made by the NHA Advisory Committee to the Commission.

The principal duties of NHA Advisory Committee members are to regularly attend and participate in quarterly online and in-person committee meetings, to help solicit and gather input on the planning process, and to give their best advice for developing a successful Management Plan. If a member misses a meeting, they are expected to review meeting minutes and ask any clarifying questions before the next meeting. Discussions will not be repeated for a member who was previously absent unless the full Committee agrees. In the case that a member is unable or unwilling to fulfill their duties, including upholding Committee principles, the NHA Advisory Committee may nominate or recommend, and the Commission may appoint, a replacement.

**Member Representation**

Members of the NHA Advisory Committee serve as individuals who are encouraged to think broadly with diverse community interests in mind and beyond their own personal interests. Members are encouraged to use their personal and professional networks to gather input that can help inform
the Committee’s work, though will not be asked or expected to speak on behalf of a group of which they may be a part.

**Administration of the Advisory Committee**

The NHA Advisory Committee is administered by the Commission in its capacity as the NHA local coordinating entity. Commission staff will support the NHA Advisory Committee in scheduling meetings, arranging meeting locations, preparing agendas, drafting minutes and staff reports, conducting outreach, and generally supporting meetings of the Committee. The Commission’s Executive Director or designee will chair the NHA Advisory Committee, with a vice chair selected by the committee.

**Advisory Committee Decision-Making**

The NHA Advisory Committee will adopt and abide by a set of ground rules for how they operate (see Attachment B for potential ground rules). Committee members will be provided with relevant information and be given the opportunity to discuss and deliberate on issues before being asked to make their recommendations to the Commission and Commission NHA subcommittee.

The NHA Advisory Committee will strive for consensus when making its recommendations. If consensus cannot be reached after a good faith effort, the NHA Advisory Committee will determine recommendations based on a majority vote. When requested, minority opinions will be noted in meeting documentation, and specific points or issues where consensus could not be reached will be included.

**Advisory Committee Scope of Work**

The primary responsibility of the NHA Advisory Committee is to advise the Commission on the preparation and submission of a Management Plan to the Secretary of the Interior for approval. The Management Plan will formalize the general principles, expectations, and parameters of how the Sacramento-San Joaquin Delta NHA will be cooperatively managed by public and private organizations that choose to participate. Commission staff will compile and draft the Management Plan according to the requirements set forth in the authorizing legislation (see Attachment A for NHA legislation).

The NHA Advisory Committee, with the assistance of the NHA Advisory Task Groups, will be asked to make recommendations for improving and implementing the plan, including:

- An inventory of natural, historical, cultural, scenic, and recreational resources that should be conserved within the NHA;
- Policies and strategies for cooperatively managing the NHA;
- An implementation plan that includes cooperative actions that various governments, agencies, and organizations agree to take;
- Funding sources;
- Interpretive planning, including exhibits and educational programs; and
- Other topics as needed.

The NHA Advisory Committee will provide periodic progress reports and final recommendations regarding the Management Plan to the Commission and Commission NHA subcommittee. If there are revisions or follow up matters regarding the Management Plan prior to approval by the Secretary of the Interior, the Committee may be asked to advise on revisions. Following the planning process and successful submission of the Management Plan, committee members may be asked to comment on lessons learned and recommendations on next steps for implementation.

**Affirmative Duties, Limitations, and Protections**

The NHA Advisory Committee and the Commission, in its capacity as the local NHA coordinating entity, shall carry out the affirmative duties of the authorizing legislation in a manner consistent with the limitations of this authorization. Specifically, the NHA authorization does not:

- Abridge the rights of any property owner (whether public or private), including the right to refrain from participating in any plan, project, program, or activity conducted within the NHA;
- Require any property owner to permit public access to its property or modify public access or use of the owner’s property under any other Federal, State, or local law;
- Alter any duly adopted land use regulation, approved land use plan, or other regulatory authority of any Federal, State, Tribal, or local agency;
- Convey any land use or other regulatory authority to the local coordinating entity;
- Authorize or imply the reservation or appropriation of water or water rights;
- Enlarge or diminish the treaty rights of any Indian Tribe within the NHA;
- Diminish the authority of the State to manage fish and wildlife, including the regulation of fishing and hunting within the NHA, or the authority of Indian Tribes to regulate members of Indian Tribes with respect to fishing, hunting, and gathering in the exercise of treaty rights; and
- Create any liability, or affect any liability under any other law, of any private property owner with respect to any person injured on the private property.

**Public Engagement**

The Commission is seeking strong public input on the Management Plan and public participation in the implementation of that plan. In fulfilling those objectives, the NHA Advisory Committee will:

- Make meeting agendas, meeting notes, and other information about the NHA planning process available on the Commission website.
- Invite community members across the Sacramento-San Joaquin Delta to participate in committee meetings and public forums.

- Recommend additional ways to reach communities and invite public input such as open houses, online surveys, and other means.

**Charter Amendments**

The Commission may amend the charter.

**Term of Charter**

The expected term of the NHA Advisory Committee will be through successful approval of the Management Plan by the Secretary of the Interior (expected by June 2023). The term of the NHA Advisory Committee may be extended if deemed necessary for the planning process, or if the Commission sets out new and additional responsibilities for the Committee in a revised charter.
